	Wash	Machine Wash Hot, 60°C
	Bleach	Do not bleach
	Dry	Tumble Dry Low
	Dry-clean	Dry clean, PCE (Petroleum Solvent) only
	Iron	Iron at low temperature, 110°C

Important Notice

Type of work environment, exposure conditions and maintenance have an impact on reflective performance. Please test each tape according to appropriate care instructions required for the garment.

High-visibility clothing made with reflective material should be maintained in good condition and inspected regularly for damage or deterioration.

Description

Yellow-Silver FR reflective trim is perforated for extra breathability. Numerous micro-holes made in the tape allow easier output of perspiration helping body to not be overheated. XM-6010P can be sewn on FR-clothing or Firefighters uniform. Certified by EN 469, EN 15384, EN 20471.

Product Construction

This Reflective Material is a Textile Fabric coated with a layer of resin with numerous glass micro-lenses impregnated with a special glue into this layer. The light reflects from these micro-lenses and comes back to a car (or other source of light) making the person wearing reflective tape more visible in the dark.

Product Detailed Information

Material	100% Cotton
Finish	Flame retardant
Colour	Yellow-Silver
Industrial wash	Allowed
Roll, Width	50 mm
Roll, Length	100 meters
Roll, Weight	2.55 kgs

Product Certifications

EN 20471	50×60°C ISO 6330
EN 469	50×60°C ISO 6330
EN 15384	50×60°C ISO 6330
NFPA 1971	-
NBR 15292	-
OEKO-TEX 100	Class 2
Certificate of Test	Aitex (Spain)

Method of Application

Please contact us for instructions or check our web-site.

Shelf Life

Keep in cool dry place, with no direct sunlight. Use the product during 12 months from the date of purchase.
